

A close-up photograph of a washing machine's control panel. The panel is dark grey or black. A prominent feature is a circular button with a yellow LED ring around it, labeled 'CLEAN'. To the right of this button is a curved control element with three segments labeled 'DAY', 'HOUR', and 'MINUTE'. Below the 'CLEAN' button, there is a 'DOCK' label. In the background, a white fabric is visible, and a small white label with the number '10821' is partially seen in the top right corner. A blue and black graphic overlay is positioned on the left side of the image.
